OSWEGO ON THE WILLAMETTE.
The principal work done at Oswego 1898 was done at the works of Oregon and Steel Company, mention of which made in the manufacturing department. The company expended during the year nearly \$300,000 and does not intend to close. It intends in the near future to extensive rolling mills and tall works valued at \$500,000. The company was when to make these additions but they were made just the size, and then Oswego was justly called the Pittsburgh of Oregon.

PORTLAND RIGHTS.
Nearly \$40,000 was expended in improvements in this portion of the city. Of amount \$84,200 was put in new buildings and the remainder for miscellaneous improvements. Here are the new buildings erected:
J. Carroll McCall, dwelling \$2,000
J. Kiesel, dwelling 1,000
J. W. Bailey, dwelling 1,000
Total \$4,000
Improvements such as land clearing, repaving, run the total up to \$40,000.
A great deal of building will be done this year. Half a dozen well-known Portlanders, who own property in Oswego, have been talking of the intention of building dwellings which cost not less than \$10,000 each. A number of these will be built and will be on the market for sale at about \$1000 each.
Before the close of the year Mount Tabor will have street railway or most of the improvements. The \$10,000 subsidy required to induce Mr. George Brown to put the line has been raised and work will be in the spring.

CITY OF SEELWOOD.
The thriving little town of Seelwood is considerable healthful advancement due to the year. Street improvements figure about \$1,000. Not much was done in line as there was not a great deal of money. What work was done was done for money derived from salmon license amounting to \$800, each of the three salaried being taxed \$200, and from first improvement tax. No city tax was levied. Here is the list of the improvements:
J. P. Ziegler, cottage \$1,000
Addition in Merchant hotel 1,000
Edwin Rich, cottage 1,000
J. H. Smith, cottage 1,000
Charles H. Hewitt, office 1,000
Capt. Short, addition to dwelling 1,000
J. H. Smith, addition to dwelling 1,000
K. Benton, cottage 1,000
Total value of improvements \$7,000
It is expected that considerable work will be done this year.

MILWAUKEE TO THE FRONT.
The little village of Milwaukee on the side of the river, did its share in the improvement line during the year. The improvements made were as follows:
John A. Bissell, dwelling in the new hotel \$1,000
Charles Belsley, cottage on country road 1,000
L. Aubrey, cottage 1,000
Removal of land relating to the Episcopal church 1,000
J. H. Smith, cottage 1,000
Entertainment Ground Methodist church 1,000
Total value of improvements \$7,000

ALBINA.
The figures for ALBINA are included in article devoted to that city, which is published in this issue. The improvements amount to \$10,000.

GRAND RECAPITULATION.
Portland buildings \$1,600
Total value of improvements 1,600
Oswego 1,000
East Portland and Sunnyside 1,000
Albina 1,000
Total 4,600
Portland Heights 40
Mount Tabor 40
Total 4,680
Total \$12,680
From the present indications a good year will cast into the shade the years prior in comparison with record of 1898.

HIDES—The receipts of hides for the last five months of 1888 have been in excess of those for the same time in 1887, though for the year 1888 the receipts have fallen behind somewhat. The market has been steady for the most part for the year. At the close the market is firm, and shows no change from recent prices. Quote dry hides $11\frac{1}{2}$ ¢, green

The Merchandise Market.

Trade in all lines for the past twelve months has been good and in every way and in all branches a decided improvement of the previous year. Jobbers have carried full stocks of all goods, and all classes of business are good. Importations and exports alike show a substantial increase over those of 1887 indicating increased consumption as well as resources. Trade has been favored by enlarged and widened demand for the city holding all enjoyed last year, while securing some new country. Below is quoted a number of lines coming under this head:

BEANS—Beans are wholly imported from California and the market is controlled by the California firm. The market has been good, but not enough to more than bare, speak of. The consumption here is largely for export. The market is controlled by the California firm. Beans are early in the year, but colored beans of all kinds are scarce and probabilities are they will be high until the next crop in September. For closing prices we quote: small whites, \$2.25; pink, \$2.00; large whites, \$2.00; large pinks, \$1.75; Lima, \$1.50 per cent.

BREAD, ETC.—Local bakeries supply the bulk of home demands, while making important shipments. Outside brands of crackers, etc., find the field ample, taken with some products of a very excellent quality.

COAL OIL—The year opened with ordinary prices quoted at 12¢ per gallon. The year has been unusually steady and free from fluctuations on this coast. For the last few months it has advanced steadily, but slowly, until the close we quote ordinary brands at 24¢.

COFFEE—The coffee market is influenced entirely by the fluctuations on the New York market. The market is very active, but the prices have not

CANNED GOODS—The market has been firm and healthy all the year. Local cane put up and marketed considerable in 1938 but in the face of the demand they make poor showing as yet. The consumption of all kinds is very large, and is met by imports, principally from California. The

present stock is plentiful and the market is generally favorable, without decided weakness or anticipation of decline in the position of supplies favoring the upholding of values. Quotations for the close of the year are: Table fruit 2 3/4, peaches 2 3/4 to 3 1/4, apples 2 1/4 to 3 1/4, plums 1 1/2 to 1 3/4, strawberries 2 1/2 to 3, raspberries 2 1/2 to 3, blackberries 2 1/2 to 3, cherries 2 1/2 to 3, assorted 2 1/2 to 3 1/4 to 3 1/2 to 3 3/4. Pie fruit 2 1/4, peaches 1 1/2 to 1 3/4, plums 1 1/2 to 1 3/4, blackberries 1 1/2 to 1 3/4, 2 1/2 to 3, assorted 2 1/2 to 3 1/4. Tomatoes 2 1/2 to 3, firm 2 1/2 to 3 1/4, soft 2 1/2 to 3 1/4. Sugar, per 100 lbs. 10 to 11; string beans, 1 1/2 to 2 1/4.

RICE—The market has been fairly active with prices ruling steady for the greater part of the year. Closing quotations are: China No. 2, 41 to 50; island, 34 to 40; Java, 34 to 40. The market for the year has been active. Prices have been high, owing to a rise in freights, and dealers have realized more than when freights were lower. O. quotations for the end of December at Fine Liverpool, 413, 418 and 420, according to size of bags. Stock sold, 110 500 115 000 bags.

SUGARS—This market is influenced most wholly by the San Francisco market and the California refinery has control of that market, as near as can be got at. It is impossible to give the exact figures, but the prices at which they have been up and down sometimes two or three times a day, all reason of the manipulations of the great sugar monopoly. If a large lot of sugar would arrive from the East, could not the prices on all grades be advanced? The market has been advanced again. As closing figures quote: Golden C 5 1/4, extra O 6 1/4, d. granulated 7 1/4, cube, crushed and powdered 7 1/4.

RICE—Kegs, 20, 31, 51, 52, 50. Prices have changed frequently during the year, a small way.

THE MEAT MARKET.

The fluctuations have been slight and few times during the year. The market is more active than this fall than for some time on account of the scarcity of feed, or rather high price. For closing quotations we give beef, live, 3 1/4 to 3 3/4, dressed 7 1/2, mutton, 1 1/2 to 1 3/4, dressed 7 1/2, hogs, live, 3 1/4 to 3 3/4, dressed 7 1/2 to 7 3/4, veal, 1 1/2 to 1 3/4, each. There is more here than well might be expected to ascertain the receipts of live stock.

accurately or completely. By the establishment of the Union stock yards, which began to receive stock April 10 of last year, a step towards accuracy was made, but until all the rediroads coming into Portland follow the same rule of the Northern complete statistical system it will be impossible. The following table of receipts at the Union stock yards since April 10 will be of value as far as they go. Under the head of stock are included calves, oxen, and hooded cattle:
